COST OF SERVICES**

The Bureau shall charge the Bureau of Occupational Licenses Fund (Fund #427) for all direct expenses, commonly referred to as “direct costs.” Direct costs are those expenses incurred by the Commission or the Bureau relating to carrying out the duties of the Commission and that can be directly attributable to the individual Commission.

The Bureau shall also charge Fund #427 a pro-rata share of the Bureau's indirect expenses, commonly referred to as "indirect costs." Indirect costs are those expenses regularly incurred in the operation of the Bureau that cannot be directly attributable to any individual Board and, therefore, cannot be included in the direct expenses charged to the Board. Indirect cost percentages are calculated for administrative services, legal services, investigative services, and fiscal Services.

The indirect administrative and legal percentages are based on an average of the total direct expenses for the previous four (4) fiscal years. The indirect investigative percentage is based on an average of actual direct investigative hours charged to the Commission for the previous five (5) fiscal years. The indirect fiscal percentage is based on the total number of individual records maintained plus the total number of financial transactions processed during the previous fiscal year.

The approximate percentage shares of indirect expenses to be charged to the Commission are:

	FY2016	FY2017
Administrative	1.01%	0.52%
Investigative	0.92%	0.42%
Fiscal	0.70%	0.57%

The total fiscal year Commission budget is calculated by combining the Commission's direct expenses and the Commission's indirect expenses. The Commission’s estimated **Total Commission Budget for fiscal year 2017 is \$18,000.**
