## **ASSOCIATION DISCUSSION OF CONTINUING EDUCATION DISCIPLINARY ACTIONS**

The Board invited the associations to the Board meeting in order to discuss intervention strategies for impaired professionals. Representing the Associations were Brian Smith, Gemma Utting, Roberta Crocket, Ami Owen and Michelle Hopkins. The Board stated that one of the struggles it has is that if it has information regarding impaired professionals in any capacity, the Board is required to act. It can be as minimal as a disciplinary letter but also can potentially require sanctions. The Board wanted to bring this issue to the attention of the associations in case they wanted to work with members of the profession in an effort to address these issues before they become public protection matters that come to the Board.

Mr. Lanzet mentioned that he has worked with the Physician Recovery Network which is sponsored by the Idaho Medical Association.

Mr. Smith from Idaho Mental Health Counselor Association (IMHCA) asked if reporting to the Counseling Board requires disciplinary action. Mr. Baughman stated that most likely it does, depending on the severity.

Mr. Lanzet stated he would like to find a way to have an incentive to self-report which is part of the ethical code as a counselor.

Mr. Ellsworth stated the Board has jurisdiction over practitioners, their license and violations of their laws and rules and to protect the public and not to oversee how licensees deal with their problems. The associations have an interest in protecting the profession and could probably set up a program to deal with their problems before they become violations.

Ms. Crockett asked the Board if this is a Board action item. Mr. Baughman stated it is up to the associations to proceed if they choose.
