**EXHIBIT C
(AMENDED)
COST OF SERVICES**

The IBOL shall charge the Bureau of Occupational Licenses Fund (Fund #427) for all direct expenses, commonly referred to as “direct costs.” Direct costs are those expenses incurred by the Board or the IBOL relating to carrying out the duties of the Board and that can be directly attributable to an individual Board.

The IBOL shall also charge Fund #427 a pro-rata share of the IBOL's indirect expenses, commonly referred to as "indirect costs." Indirect costs are those expenses regularly incurred in the operation of the IBOL that cannot be directly attributable to any individual Board and, therefore, cannot be included in the direct expenses charged to the Board. Indirect cost percentages are calculated for administrative services, investigative services, and fiscal Services.

The indirect administrative percentage is based on an average of the total direct expenses for the previous four (4) fiscal years. The indirect investigative percentage is based on an average of actual direct investigative hours charged to the board for the previous five (5) fiscal years. The indirect fiscal percentage is based on the total number of individual records maintained plus the total number of financial transactions processed during the previous fiscal year.

The approximate percentage shares of indirect expenses to be charged to the Board are:

	FY2013	FY2014
Administrative	2.70%	2.34%
Investigative	2.34%	2.10%
Fiscal	0.87%	0.94%

The total fiscal year Board budget is calculated by combining the Board's direct expenses and the Board's indirect expenses. The Board’s estimated **Total Board Budget for fiscal year 2014 is \$60,000.**
