NEW BUSINESS CORRESPONDENCE RE: TELEHEATH

Mr. Esau approached the Board and stated he would like it to implement rules to utilize telehealth as a method for completing required reevaluations of a patient. He added that this would save on health care costs and patient accessibility. He

also said that Washington and Alaska are currently utilizing and allowing billing for this service.

Board members stated that prior to making a final determination, it would like to look into this further and asked that Mr. Esau forward the information he has on its use in other states. The position of the Board was that at this time; the law and rules would not allow reevaluations to be completed using telehealth for the 5th visit.

CORRESPONDENCE RE: PT/INR TESTING

The Board discussed an inquiry received that asked whether it is within the scope of practice for a physical therapist to complete a fingerstick PT/INR in the home health care setting which provides test results immediately, and report the findings to the patient's RN case manager?

The Board discussed a letter previously written on its behalf by the administrative attorney that provided its position in that performing an invasive, PT/INR test would appear to be inconsistent with the Board's laws and rules. The Board directed Ms. Gilstrap to provide a copy of that letter to this individual.

REVIEW REVISED OPEN BOOK EXAMINATION

The Board reviewed the changes made to the required open book exam. It was moved by Mr. Ohman to approve the revised open book exam. It was seconded by Mr. White. Motion carried.
